

Wickhambrook Parish Council

Latest Data collected from Vehicle Activated Sign (VAS)

As readers will note from the figures which follow, a high percentage of vehicle activations are in excess of the 30mph limit, these figures will of course be lost on non-village residents who travel through the village, it is hoped however that village residents will take heed and reduce their speed as police camera activity in the area will increase accordingly.

Traffic Report from 04/04/2016 to 18/04/2016
