# Multi-Use Games Area

## Can you help please?

Our Multi-Use Games Area (MUGA) suffered some damage in the storms over the May Bank Holiday.

We are looking at options to either repair or replace it.

It may also be an opportunity to look at upgrading the games surface.

## How can you help?

We would like to hear how you or your family use the games area.

What types of games and activities?

Does access need to be improved to make the area more inclusive?

What type of fencing do you prefer?

Would you still like to see seating around the edge?

Do you think the area needs re-surfacing?

Can you help us with this project—can you offer experience or contacts which would help us to get deliver the best results for families in the parish?

This will be an expensive project and we'll need to apply for grants. This is why we need to listen to your views.

# Skate Park

Our skate park has seen a lot of use over the years, and we're looking at what we can do to improve it.

Some of the kids who use it have said that they would like some different equipment added, and some would like the surface to be improved.

Currently the graffiti is looking old and tired we would like to improve the look of it.

We recognize that graffiti is often a form of self expression, and that it can be an art form in its own right.

We would be interested in offering some workshops to users of the skate park, to find out:

- What changes you would like to see
- How the surfaces in the skate park could be used to support street and graffiti art

Would you like to get involved and help us?

Below are some examples of new equipment that could be considered—please take a look and add any suggestions of what you would like to see to the ideas board.

We have some money set aside, but may not be able to afford everything you would like!

# Six Acres & Recreation Ground

Six Acres and the Recreation Ground is a fantastic open space for all to enjoy.

In addition to the children's play area, multi-use games area, skate park and zip wire, it is home to football, tennis and outdoor bowls clubs, and beloved by many dog owners who enjoy exercising their family friends.

During the COVID-19 lockdowns, some exercise classes at the Memorial Social Centre also moved their activities outside.

## Improvements this year:

We've installed two new lockdown bins. They're combined litter and dog waste, and of larger capacity too!

We've also worked with Suffolk County Council Public Rights of Way team and been able to improve the surface and drainage of the footpath that leads to Coltsfoot Green, and back filled the steps and added a new hand rail from this the recreation ground onto the footpath.

## Is there anything else you would like to see?

Below are some examples of new facilities that could be considered—please take a look and add any suggestions of what you would like to see to the ideas board.

Vitality areas

Street Workout

Wood trim trails

Urbanix stations
